5.	1	4420383	Drain Tube - 5/8 ID x 8’
6.	1	6626514	Grill Trim
7.	1	6626614	Top Cover
8.	6	5026241	#8-32 x 1/2” lg. Machine Screw
9.	4	5032361	1/4-20 x 1/2” lg. Machine Screw
10.	4	5545111	1/4 Lock Washer - Split
11.	4	5429521	1/4-20 Hex Nut
12.	1	5650463	Clamp
13.	1	6255914	Hook - Front Panel

MOUNTING INSTRUCTIONS

1. Attach the tower stand to the tower mount by using the two fastening plates, four 1/4-20 x 1/2” long machine screws, four 1/4 lock washers - split, and four hex nuts. Locate the tower stand 6 1/2” from front edge of the front of tower mount.
2. Attach the front panel to the tower stand with four #8-32 x 1/2” long machine screws.
3. Attach and clamp the drain tube to the drain pan and place the drain pan into the tower mount.
4. Attach the grill trim by hooking the front lip over the front edge of the tower mount and then lower the back of the grill trim onto the stud(s) on the front panel.
5. Attach the top cover with two #8-32 x 1/2” long machine screws.

NOTE: Before positioning ice machine on top of bin, remove ice machine front panel and attach front panel hook to the left front panel mounting hole using the front panel mounting screw.
