TOP SIDE PANEL

Installation Instructions

1. A. Remove the two screws that secure each front panel hinge to the side panels (see Figure 1).
   B. Remove the two screws that secure the back brace at the back of the side panel (see Figure 1).
   C. Remove the side screws that secure the housing end panel to the cabinet (see Figure 1).
2. Reinstall the replacement side panel with the screws removed in step 1.
3. Locate the Velcro strips on the side panel, as shown in Figure 2.
