Subject: S Model Dispenser Rocking Chute Bracket change

The rocking chute brackets for all S Model Floor Dispensers have changed. The previous version were white in color and secured the microswitch cover with a stainless steel clip. The new brackets are direct replacements for the old brackets and can be identified by the black color and screw retention of the micro switch cover. The new brackets will be a kit (P/N 020002673) that includes the left bracket, right bracket, microswitch cover and microswitch cover mounting screw.

Previous versions of rocking chute bracket were white and retained the microswitch cover with a clip

Current version of rocking chute brackets are black and secure the microswitch cover with a screw.
