Manitowoc **Parts & Service Communicator**

Subject: Indigo™ Control Board Update

Indigo™ control boards are being updated to allow one control board to be used on all Indigo™ ice machines.

Indigo™ control board part number 000008309 (“H” series) will change to a red color to help distinguish from the two previous versions (green “E” series & blue “G” series). The red “H” series control board will become the universal field replacement board for all Indigo™ models.

Firmware Usage By Control Board Color

Firmware versions have changed with the control board series. The first digit indicates a major update and the following digits (represented by xxx) indicate minor updates.

Control Board Series	Control Board Color	Firmware Version	Notes
Indigo “H” Series Control Board		5.xxx	Replacement Control Board For: •All Indigo™ Control Board Series •All Indigo™ Ice Machine Models •Firmware Is Specific To This Control Board
Indigo “G” Series Control Board		4.xxx	Firmware is a combined download for all “E” Series and “G” Series Control Boards
Indigo “E” Series Control Board		2.xxx	

Firmware is available for download at www.manitowocice.com / Service / Indigo Firmware Update.
