Subject: RNS0600 Ice Breaker

NUGGET ICE BREAKER REPLACEMENT PART

⚠Warning

Authorized Service Representatives are obligated to follow industry standard safety procedures, including, but not limited to, local/national regulations for disconnection / lock out / tag out procedures for all utilities including electric, gas, water and steam.

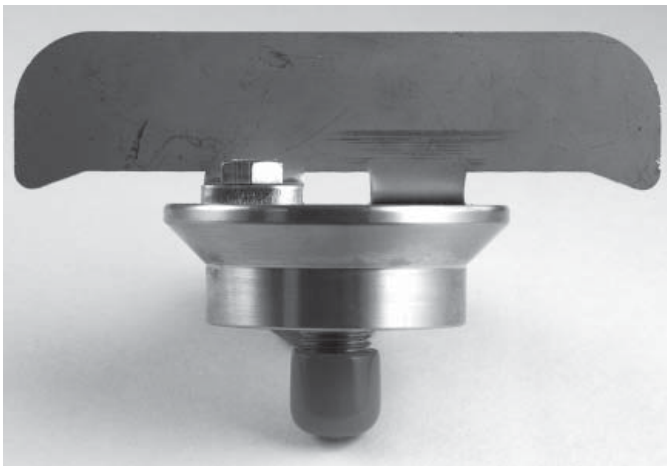

⚠DANGER

Disconnect electric power to the ice machine at the electric switch box before proceeding. Failure to disconnect the power at the main power supply disconnect could result in serious injury or death. The power switch DOES NOT disconnect all incoming power.

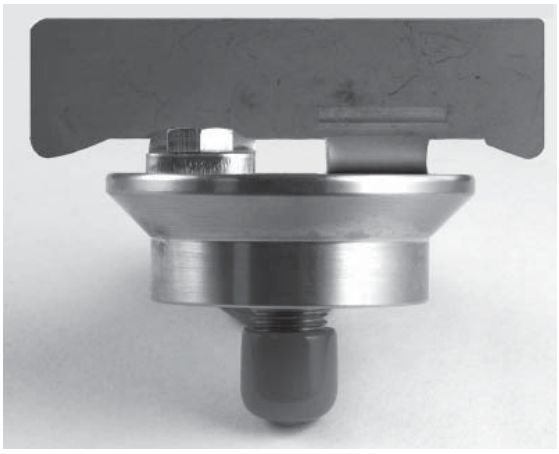

The ice breaker has been modified for improved ice delivery from the ice exhaust to the ice chute. Serial number M08249152017 is the start date for manufactured products with this newest version ice breaker

If you are experiencing an issue with ice collecting in the cover above the evaporator (ice exhaust) on models RNS0608A or RNS0609W with a serial number prior to M08249152017 replace the ice breaker. Order part number 000012897 and replace the ice breaker using the standard warranty procedure.

Refer to the illustrations below to identify the latest version of the ice breaker.
