Service Bulletin

Subject: LB Series - Bin Adapters & Packaging

LB0730/LB1448/LB1460/LB1760/LBCS1360

IMPORTANT

Please be advised that the LB Series Ice Storage Bins (LB0730, LB1448, LB1460, LB1760 and LBCS1360) include **a polycarbonate bin adapter. and metal support frame.**

The bin is packaged with a cardboard top. When removing the carboard top, the polycarbonate bin adapter top should stay in place, as it is taped to the sides of the unit.

If for any reason it is lifted/removed with the cardboard, do not unintentionally discard the polycarbonate and/or the metal support frame.

The ice machine is placed on top of the polycarbonate bin adapter and metal support frame to complete the install.

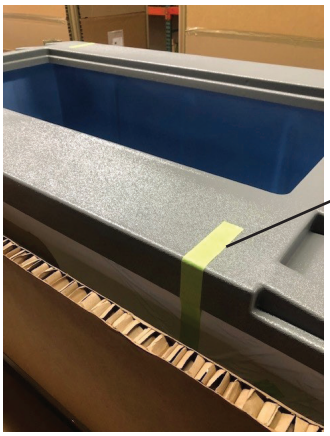

IMPORTANT
DO NOT DISCARD
POLYCARBONATE
BIN ADAPTER

Filler Panels - two sets of filler panels supplied with the bin.

22 inch wide	30 inch wide	48 inch wide
Two 13" x 24" panels	Two 9" x 24" panels	No panels needed, can discard.

NOTE: S3000 on an LB1448 ONLY - K00391 deflector & K00396 filler panel are required for install.

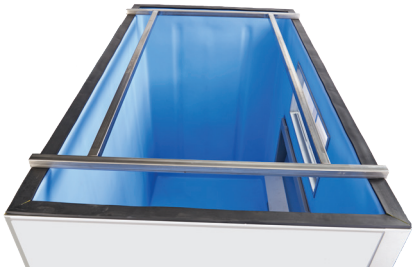

POLYCARBONATE
BIN ADAPTER
WILL BE TAPED INTO
PLACE

⚠Warning

All Manitowoc cube ice machines require the ice storage bin to incorporate an ice deflector. Refer to the sales price list to determine the correct ice deflectors and any additional adapters for your ice machine and bin installation.

If the poly bin adapter top is missing please contact your Customer Service Sales Representative for a replacement.

Please provide the model number and serial number of the bin.
