Correctional

Model Ice Cube Machines

60 Hz Correctional

IDP1000W-261P (shown)

Special fasteners for correctional models

SPECIFICATIONS

- Indigo NXT Models 0450 through 1900 Series
  - No plastic on outside of machine.
  - Stainless steel top and front panels.
  - Stainless steel side panels with stainless steel louvers for air-cooled models.
  - Tamper-proof screws. Different screw head design for ice machine front panel and back cover. Both require special bit for removal. Bits supplied with ice machine startup package.
  - When ordering special Correctional model, note that suffix "**P**" differentiates this model from standard Indigo™ Series ice machines Example: IDP1000A-261**P**

Refer to corresponding Indigo NXT ice cube machine specification sheet for general electrical, operating limits, compressor/BTU ratings, ice production capacities, and installation information. General Indigo NXT specification sheet also suggests ice storage bin options if applicable.

Contact your sales representative for pricing and availability.

FEATURES

- Standard Indigo NXT Series Features
  - Easy to clean food zone
  - Intelligent diagnostics
  - Programmable ice production
  - Acoustical ice sensing probe
  - Active sense
  - EasyTouch® display behind door
  - Optional Luminice II virus and bacteria inhibitor - helps control yeast within the food zone to keep the ice machine cleaner longer.
  - See price list for available dice models in the correctional configuration

ACCESSORIES

- LuminIce® II virus and bacteria inhibitor helps control viruses and bacteria in the ice machine.
- Arctic Pure® Pro water filters reduce sediments and chlorine contaminants down to 0.5 microns.
  For optimal performance, use the Arctic Pure prefilter in combination with the Arctic Pure primary filter.

Luminice II

Arctic Pure Water Filters

Limited Commercial Warranty

Ice Maker Three (3) years parts and labor
Evaporator Five (5) years parts and labor
Compressor Five (5) years parts, three (3) years labor
