K00522- SPA to SFA Conversion

Update your Ice only dispenser to an Ice and Water Hotel Dispenser.

Convert the existing SPA 310 or SPA160 ice only dispenser (above) to a SFA 291 or SFA191 an ice and water dispenser (below)

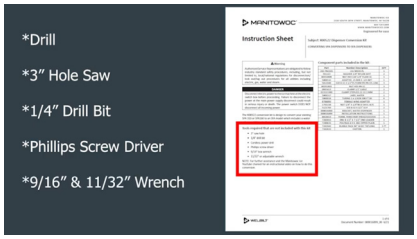

Create a Hydration Station

- Traditional water fountains are being eliminated due to sanitary reasons.
- Economically convert the ice only dispensers you have to an ice and water dispensers
- Expand hydration stations through the facility
- Add ambient drinking water with fresh ice in one location
- Works with 30”and 22” Hotel dispensers (SPA 310 & SPA 160)
- Warranty- 3 years parts and labor

Need a touch less lever to dispense ice ?
Manitowoc has a solution. The K00523 touchless lever kit allows you to convert your push for ice only to a touchless lever. Improve sanitation , eliminate the need to touch to get ice and use the receptacle rather than the hand to dispense ice and water

For a video on how to install the ice chute, visit our YouTube channel at: https://youtu.be/E79WuzNVYqQ
